

# Stressed Mamas

## Pricing & Information

### What we do

Our Nannies & Helpers are trained, experienced and ready to help with childcare, laundry, cooking, cleaning, organizing, homework help, party planning, errands, pick up/drop off, personal assistance, and more.

### How our service works

**Drop-In:** *3-15 hours in one week.* Best for clients who need a helping hand with their children and around the home, but don't require the assistance of a PT/FT nanny.

Drop-In assistance is ideal for so many situations and families: Nanny services on a limited basis, date night coverage, errand assistance, organizational projects around the home, etc. Anything in regards to your children or home that you need a hand with, a Drop-In Helper is perfect for the task!

Drop-in care requests can now be booked online via our website once a completed family application is on file. Submitted requests are not guaranteed but we do our best to accommodate and will confirm beforehand. Clients are encouraged to set up a re-occurring schedule to help ensure requests can be met. Same Nanny/Helper not guaranteed. Drop-In appointments have a 3 hour minimum per visit.

**Part-Time or Full-Time:** *PT: 16-30 hours in one week. FT: 31+ hours in one week.* Ideal if your family wants a dedicated employee on a regular, committed schedule.

Your family meets with the Owner to discuss the needs and specifics of your family, home, and children. We begin immediately conducting interviews, running background checks, drug screens, DMV screens and checking references. We recommend 1-3 potential hires and interviews take place with the family directly and the candidates. Once we have made a match, our agency takes care of all the hire paperwork and makes bringing on a household employee a breeze. Same Nanny is guaranteed.

Once your family is an active client, we offer access to our network of Nannies for back-up coverage when your Nanny needs time off, or is ill, etc.

### Timeline

**Drop-In:** Nannies or Helpers can begin work immediately as your family is utilizing existing members of our current staff.

**Part-Time or Full-Time:** The overall process from initial meeting with the agency to a Nanny beginning is about 4 weeks. It is a customized hiring process that we dedicate an extreme amount of time and attention to.

### Perks of Using our Service

- Personalized, caring experience and supporting local!
- End of year statements allow you to write off your childcare expenses with ease
- We handle payroll, taxes, and all admin aspects of the business, assuring compliance
  - Liability insurance coverage
