

Stressed Mamas Nanny Agency
Where families come to find a helping hand

Stressed Mamas

Pricing & Information

What we do

Our Nannies & Helpers are trained, experienced and ready to help with childcare, laundry, cooking, cleaning, organizing, homework help, party planning, errands, pick up/drop off, personal assistance, and more.

How our service works

Drop-In: *3-15 hours in one week. Best for clients who need a helping hand*

with their children and around the home, but don't require the assistance of a PT/FT nanny.

Drop-In assistance is ideal for so many situations and families: Nanny services on a limited basis, date night coverage, errand assistance, organizational projects, etc. Anything in regard to your children or home that you need a hand with, a Drop-In Helper is perfect for the task!

Drop-in care requests can now be booked online via our website once a completed family application is on file. Submitted requests are not guaranteed but we do our best to accommodate and will confirm beforehand. Clients are encouraged to set up a re-occurring schedule to help ensure requests can be met. Same Nanny/Helper not guaranteed. Drop-In appointments have a 3 hour minimum per visit.

Part-Time or Full-Time: *PT: 16-30 hours in one week. FT: 31+ hours in one week. Ideal if your family wants a dedicated employee on a regular, committed schedule.*

The process begins by completing our family application available on our website. Directly after that, the Owner and family will meet to review the application and confirm family specifics. Then we immediately begin the process of matching families with potential available talent at the agency. All nannies who would be recommended will have had a personal interview with the Owner, undergone a background check, drug screen, DMV screen and provided references to the agency. The agency will recommend as many candidates as possible that meet the criteria of the family. Depending on family specifics, this process may take one week, it may take 2 months- matches are based on available, current talent and how that corresponds to the family's needs. Once we have made a match, our agency takes care of all the hire paperwork and makes bringing on a household employee a breeze. Same Nanny is guaranteed. Once your family is an active client, we offer access to our network of Nannies for back-up coverage when your Nanny needs time off, or is ill, etc.

Timeline

Drop-In: Nannies or Helpers can begin work immediately as your family is utilizing existing members of our current staff.

Part-Time or Full-Time: The overall process from completing the family application to a nanny beginning varies greatly based on the needs of the families and current available talent at the agency.

Perks of Using our Service

- End of year statements allow you to write off your childcare expenses with ease
- We handle payroll, taxes, and all admin aspects of the business, assuring compliance
 - Liability insurance coverage
